

# DMS Supply Chain Maturity Assessment

## Is Your Supply Chain Holding Your Business Back?

Are you struggling with inefficiencies, hidden costs, or poor performance in your supply chain?

Confused by complex supply chain issues?

Struggling to deliver on business goals?

You're not alone. Many businesses today are held back by supply chain capability that can't keep up with the pace of change.

“

Working closely with DMS consultants was instrumental in unlocking our supply chains full potential

# What We Offer

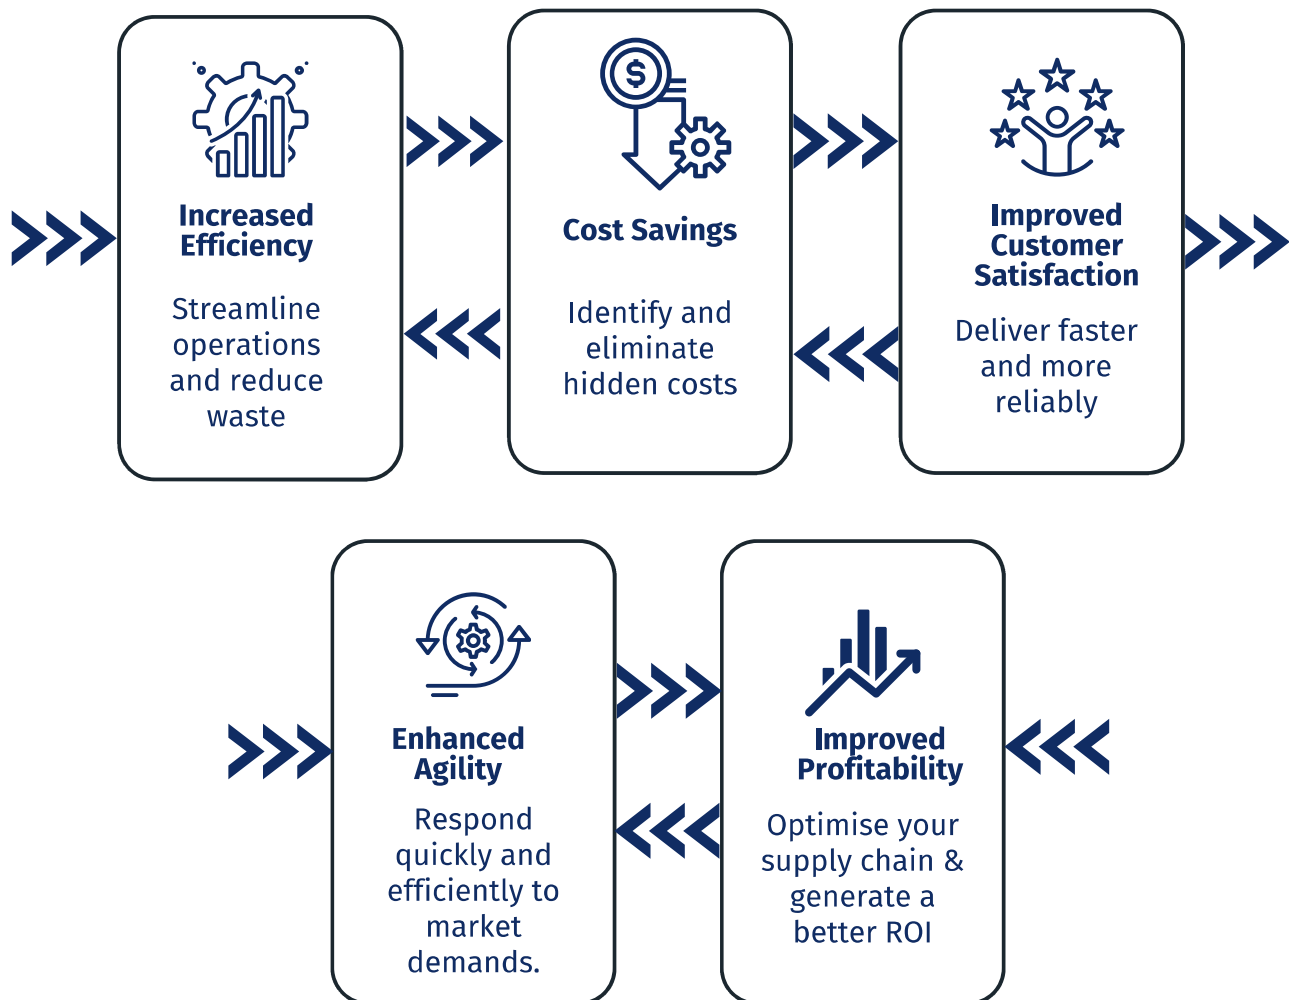

At DMS, we've spent 37 years helping businesses like yours turn confusion into clarity and underperformance into success.

Our Supply Chain Maturity Assessment (SCMA) shines a spotlight on the gaps, opportunities, and practical steps to boost efficiency, reduce costs, and meet your business objectives head-on.

37 Years of Asia-Pacific  
Supply Chain Innovation

## Key Benefits

# Comprehensive Assessment

Our Supply Chain Maturity Assessment (SCMA) is designed to help your organisation assess & navigate the increasing complexity of supply chains and improve overall performance.

**Unlock Potential  
Streamline Operations  
Improve Performance**

## Detailed SWOT Analysis

---

Evaluating your supply chain planning across:

- Strategy & Planning Model
- Tactical Planning
- Sales and Marketing
- Forecasting & Demand Planning
- Inventory Planning
- Procurement, Production, Distribution
- Collaboration and Delivery Performance
- Technology Integration

## Benchmarking

---

Measuring performance against industry standards and best practices.

## Actionable Insights

Detailed recommendations for immediate improvement and long-term transformation.

## Expert Guidance

Our experienced supply chain consultants will support your organisation every step of the way.

Working with DMS has provided immense value, particularly in managing the complexities associated with upgrading our Supply Chain Solution. Their expert guidance, coupled with the collaborative efforts... has been key to achieving successful outcomes and driving meaningful improvements in our supply chain.
